Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on January 26, 2009 has been entered.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John D. Wright (Reg. No. 49,095) on April 7, 2009.

The application has been amended as follows: Cancel withdrawn claims 11-12.

Reasons For Allowance

The following is an examiner's statement of reasons for allowance: The applicant's amendments have overcome the prior rejections under 35 U.S.C. 112. The prior art of record and applicant's arguments have been carefully reviewed and considered. Applicant's argument is

convincing that the Ni layer of Huhn (paragraph [0030]) provides a specific function tied to Huhn's Ni-Sn layer and therefore the thickness value range of Huhn's Ni layer would not be considered necessarily transferable to a single Ni layer embodiment. An updated search and a review of all the art of record appears to confirm that single barrier layers of Ni are intentionally kept thin as discussed in the paragraph spanning pages 4-5 of the specification. Since the prior art does not disclose or make obvious a single Ni layer greater than 4 microns having the claimed overlay composition and claimed bearing structure, claims 1-8 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John J. Zimmerman whose telephone number is (571) 272-1547. The examiner can normally be reached on 8:30am-5:00pm, M-F. Supervisor Jennifer McNeil can be reached on (571) 272-1540.
